Projects

Society Security App — *Flutter, Firebase, Twilio*

- Developed a mobile app for society security to handle visitor verification and emergency alerts.
- Integrated **Firebase** for authentication, data storage, and push notifications.
- Used **Twilio API** to send real-time SMS alerts to residents in case of emergencies.

Women Safety App — *Flutter, Firebase*

- Built a women safety mobile application to send emergency alerts to saved contacts with live location.
- Integrated **background location tracking** and automatic SMS alerts using Firebase and geolocation APIs.
- Designed an intuitive UI with quick-access emergency buttons for fast response.

Education

Savitribai Phule Pune University

Bachelor of Engineering in Information Technology

Pune, India

Aug. 2023 – May 2027

Maharashtra State Board

Higher Secondary Education (PCM + Biology)

Deolali, India

Mar. 2023

Interests

- Listening to Music
- Reading Books
- Exploring New Technologies
- Participating in Hackathons
